## Party Members, Soldiers Rally To Support Tito

### Protest Hostile Acts, Insults By Bulgaria

by Walter Welebit  
Belgrade, Yugoslavia, July 1 (AP)—Communist party members and soldiers throughout Yugoslavia were reported rallying to the support of Marshal Tito today.

(The Belgrade radio, recorded in London by Tanjug, Yugoslav news agency, declared "organized incidents which are insults to the Yugoslav people, the Yugoslav state and are aimed at impairing Albanian-Yugoslav relations" had taken place in Albania.)

#### File Diplomatic Protest

(The broadcast said Yugoslav diplomats had filed a protest against such "brutal and hostile acts" as the pulling down of Tito portraits, the banning of textbooks and songs mentioning him, the closing of the Yugoslav bookshop and the banning of the Yugoslav newspaper Borba.)

In the face of allegations by the other members of the nine-nation communist information bureau that Yugoslav leaders are Anti-Russian and not good communists, the army's first proletarian division elected Tito as its delegate to the Fifth Communist party congress.

The central committee of the Communist party of Slovenia, one of the federated states of Yugoslavia, declared "we cannot be shaken for one moment in our confidence in our leadership, the central committee of the Communist party of Yugoslavia and Tito."

**Soldiers Hail Tito**  
Borba, the Communist party newspaper, declared numerous communist meetings throughout Yugoslavia were hailing "the heroic Central Committee," and that Yugoslav soldiers were sending warm greetings to Tito as the founder and supreme commander of the army.

(Il Giornale Della Sera in Rome quoted a western power diplomatic representative from Belgrade as saying Tito had offered to back the proposal to return Trieste to Italy if he receives Marshall plan aid.)

#### Hit "Unprincipled Methods"

Citing a Bulgarian communist communique endorsing the Cominform action, Borba said this was "one more example of the unprincipled methods used in the campaign" to destroy Tito.

United States government monitors in Washington said they recorded a communist broadcast from Albania saying that country also stands with Russia and that Yugoslav leaders were guilty of "open treason." The report could not be confirmed here, but well-informed quarters did not doubt the broadcast was authentic.

## Meatpackers Union Hits Third Party Of Henry Wallace

Chicago, July 1—(AP)—The CIO United Packinghouse Workers union today came out against Henry Wallace's Third party.

A convention of the UPW endorsed the policy of the CIO's political action committee which favors staying "within the framework of the two major parties."

Wallace supporters among the delegates voiced bitter protest to the action.

The convention voted to comply with the Taft-Hartley law. Delegates also agreed to seek a general wage increase, time and one-half pay for Saturdays, equalization of vacations for men and women, pensions and company financed hospital and medical insurance.

The convention ended with today's sessions.

## Dismiss Suit Against Folsom

Cullman, Ala., July 1—(AP)—A circuit court judge dismissed today "without prejudice" a suit by a red-haired divorcee to have Alabama's Gov. James E. Folsom declared her common law husband.

Judge James H. Crow, Jr., withheld, however, a decision in a companion paternity suit seeking to have Folsom named the father of Mrs. Christine Putnam Johnston's son, James Douglas, 2.

"I want to study it (the paternity suit) a little bit," the judge said. "I'll name a little more time."

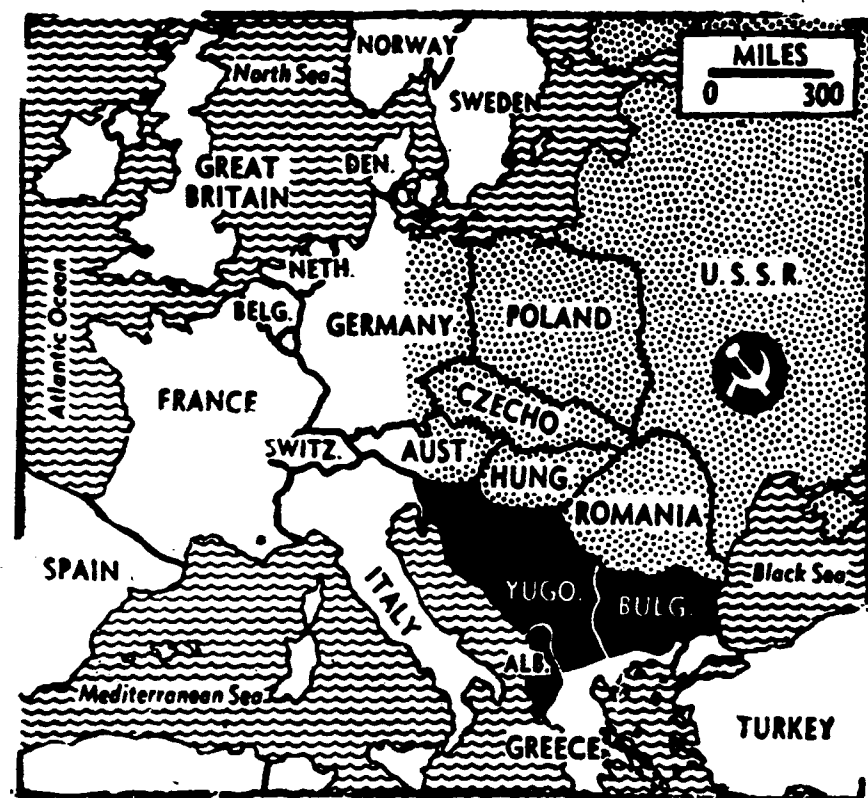

By dismissing Mrs. Johnston's suit "without prejudice," the court left the way open for filing of a new suit, should she so decide.

#### WAR DEAD ARRIVE TUESDAY

New York, July 1—(AP)—The army transport Carroll Victory is due here Tuesday with the remains of 4,000 American war dead, the first to be returned from Italian battlefields of World War 2.

Fresh paint spots may be removed from clothing by saturating with turpentine and spirits of ammonia.

## Proposed Slav Federation

This map shows the proposed plan of the Yugoslav-Albanian federation in Belgrade to form a Yugoslav-Bulgarian-Albanian federation. The black area indicates the three countries to be joined by such a union, while the dot-shaded areas represent Russia and her satellites behind the iron curtain.

## Albanians, Slavs Exchange Blows In Battle Of Words

By John M. Hightower

Washington, July 1—(AP)—The Communist high commands of Yugoslavia and its neighbor, Albania, began trading propaganda blows today in an apparent widening split among the Red-controlled nations east of the iron curtain.

Already Marshal Tito's Yugoslavia was at odds with the communist mother country, Russia. Today's potentially explosive developments, crackling on the international radio waves:

Albania declared Tito's forces guilty of "open treason" against communist dogma.

**Slavs Charge "Insults"**  
Yugoslavia retorted that gross "insults to the Yugoslav peoples" have occurred on Albanian soil.

These charges and counter-charges, contained in Belgrade and Tirana broadcasts heard here and in London, were in some respects the angriest and most threatening hurled since the historic rift in the ranks of world communism opened this week.

Albania is the third nation whose communist party has declared its position since the Soviet-led Cominform on Monday denounced Tito's leadership in Yugoslavia and demanded that he and his top associates repent or resign.

**Assert Tito's Independence**  
First the communist high command at Belgrade rejected the Cominform criticisms and, in effect, proclaimed Tito's independence of Moscow dictation.

Yesterday the Communist leader-

ship of Bulgaria lined up with the Cominform. But the Bulgarian stand was tempered by statements from the government (as distinguished from the communist party) that friendly relations between Yugoslavia and Bulgaria continued unchanged.

One conclusion some diplomats reached:

Since the communist parties in Albania and Bulgaria have lined up with Moscow against Tito, it appears highly unlikely that any of the parties in countries less directly exposed to Yugoslav force and influence will line up on Tito's side.

**Albania Is Vulnerable**

Albania, a wild and mountainous country perched on the shores of the Adriatic by Yugoslavia and Greece, is the most vulnerable of all the communist states to Yugoslavia and the most remote from Russia.

The violence of the Belgrade reaction against Albania's actions indicated that Tito's government is making a virtual threat to try to force the Albanian government, headed by communist dictator Enver Hoxha, into a more sympathetic position.

## Permit Germans To Set Up Own State In West

Frankfurt, Germany, July 1—(AP)—Western Germany was given the right to set up its own government today, but some Germans complained they would not enjoy enough independence.

The United States, Britain, and France also offered western Germany's 45,000,000 residents an occupation statute to take the place of a peace treaty. The statute gives the Germans full powers as government except in foreign affairs and a few other matters and probably would become effective early next year.

German leaders did not accept the offer at once. Some of them said they feared the proposed federal government would increase the danger of a permanent division of Germany.

The Germans asked time to talk the plan over at a meeting of state presidents at Coblenz July 8.

The group, if successful, would like to move the franchise to Los Angeles, but is well aware of the difficulties involved, Fink added. Approval of major and Pacific Coast league club owners would have to be obtained.

**Peggy Lee, Hubby Sued For Million For Plagiarism**  
Los Angeles, July 1—(AP)—Singer-composer Peggy Lee and her guitar-playing husband, Dave Barbour, were sued today for \$1,000,000 on the charge that they stole the hit song, "Manana."

Sterling Sherwin, San Francisco songwriter-playwright, and Harry K. McClintock of Los Angeles filed the action in federal court, alleging that "Manana" is a note-for-note infringement of their song, "Midnight On The Ocean."

Their complaint says that "Midnight On The Ocean" was published in a song folio, "Song Of The Road And Range," in 1932. The publisher, Southern Music Publishing Co., Inc., is also a plaintiff in the suit.

Other defendants besides Miss Lee and Barbour are Capitol Songs, Inc., Radio Corporation of America, and several recording companies which have put out versions of "Manana."

**JET FIGHTERS DELIVERED**  
Washington, July 1—(AP)—The first 42 of 107 jet fighters assigned to the air national guard are being delivered to units in five states.

The air force said the high speed F-80C fighters are being turned over to guard units in California, Florida, Maine, Georgia and Nebraska.

#### TRANSIT STRIKE

Honolulu, July 1—(AP)—Honolulu was without bus or street car service today as members of the Transit Workers Union walked off the job in a dispute with the Honolulu Rapid Transit Co.

## Arabs To Reject Final Palestine Settlement Offer

Cairo, July 1—(AP)—A high Arab League source said today the league will reject the proposals for a permanent Palestine settlement drawn by Count Folke Bernadotte.

This source said the league's political committee named a subcommittee to draft an Arab reply to the proposals of the United Nations mediator.

The Arabs declined an invitation from Bernadotte to send representatives to Rhodes for negotiations on a Palestine settlement. Instead, they invited him to come to Cairo if he wishes to contact Arab leaders.

Bernadotte will arrive here Saturday to discuss his settlement proposals with the political committee of the Arab League, an official league source said. The Arabs had declined to send representatives to Rhodes and, instead, asked Bernadotte to come here if he wishes to talk with them.

## Tucker Says SEC Action Prevents Car Production

Chicago, July 1—(AP)—Preston Tucker said he suspended automobile production operations today pending completion of an investigation of the Tucker Corporation by the Securities and Exchange Commission.

The newcomer in the automobile manufacturing field said he was bowing to an SEC demand to submit the company's books and working data and that "giving up such records at this time will make it impossible to continue operating."

"Whether its action is right or wrong, SEC has effectively blocked our every corporate attempt at our most crucial point, when we are on the threshold of mass production with engineering and development completed."

Tucker made the announcement a day in advance of a federal court hearing on a SEC request for an order requiring Tucker to produce his financial and operating records.

Thomas Hart, regional administrator of the Securities and Exchange Commission, said he had not been advised of Tucker's change in plans. He remarked:

"If Mr. Tucker says the producing of records will force his corporation to suspend operations, I will have a very complete statement in reply to that in court tomorrow."

## Hollywood Group Wants To Purchase St. Louis Browns

Hollywood, July 1—(AP)—A Hollywood group headed by Actor Sonny Tufts has started negotiations for the purchase of the St. Louis Browns, Attorney Max Fink said today.

Fink, counsel for the group, said that Judge H. G. Stein has made initial contacts with Browns President Richard Muckerman and club attorneys. Judge Stein is St. Louis counsel for the Tufts syndicate, Fink said.

The group, if successful, would like to move the franchise to Los Angeles, but is well aware of the difficulties involved, Fink added. Approval of major and Pacific Coast league club owners would have to be obtained.

## Reds Leave Kommandatura; Continue Food Blockade

### Wolcott Housing Bill Signed By Truman Thursday

Washington, July 1—(AP)—A housing bill designed to help war veterans finance their homes became law today when President Truman signed it—but he blasted it the same time as a "teeny-weeny" bill.

He said it was a piece of slipshod legislation that failed miserably to meet long-range housing needs such as slum clearance, housing research and low-cost homes.

Rep. Wolcott (R-Mich.), sponsor of the bill, replied that the president's statement indicates that the administration is committed to "the same socialistic tendencies we have been fighting since 1935."

Senator Taft (R-Ohio) defended the bill on the grounds that it helps the immediate housing problem. He indicated he would renew his fight for a long-range program in the next congress.

Taft is co-sponsor with Democratic Senators Ellender (La) and Wagner (N.Y.) of a housing bill that the president favored. But congress, in its last-minute rush to adjourn, brushed aside the Taft-Ellender-Wagner bill and passed Wolcott's.

Under the new law, the Reconstruction Finance Corporation is permitted to buy mortgages guaranteed by the Veterans Administration and the Federal Housing Administration from banks and other lenders, so that they will not become overloaded and shut down on credit.

The Federal Housing Administration is also permitted to insure up to 95 percent of loans for non-profit veterans' cooperative housing projects.

## Russians Produce Long Range Bomber Copied From B-29

New York, July 1—(AP)—Gen. Carl Spaatz says Russia has developed a plane that puts "practically every U.S. industrial area of consequence" within range of a one-way, no-return mission from Soviet soil.

Spaatz, retired commander of the U.S. air force, said in a magazine article the plane was mostly "copied" from the American B-29. He identified the Russian plane as the Tupolev Tu-70.

"There is reason to believe," he said, "that the Russians now possess several hundred of them and are manufacturing more at a fairly good rate."

Spaatz said the Tupolev model was copied from three "lost" B-29's which made emergency landings at Vladivostok, Siberia, in 1944.

Spaatz said the Tupolev, "from either Murmansk or Eastern Siberia," could reach "practically every U.S. industrial area of consequence" on a one-way, no-return flight.

## Insect Invasion Inches Through Mississippi Fields

Basfield, Miss., July 1—(AP)—A mass of crumpling, crawling grasshoppers—eating everything in its path but the bitterweeds—continued to inch its way through corn and cotton fields surrounding this southeastern Mississippi farm town today.

The invasion, now two days old, is being fought with a poisonous mixture of white arsenic, wheat bran and sawdust strewn in the path of the slow moving hordes.

Bill Dorris, a farmer whose fields are among those being devastated, says effectiveness of the counter-attack will be known within 36 hours.

A Memphis firm offered to spray the grasshoppers from the air with an insecticide at a cost of \$2.20 an acre.

"Few Basfield farmers would pay that price even if it saved their crops," Dorris said. "But we've got to stop them. The small farmers will be ruined unless we do."

**Decatur Man Given \$60,000 Damages**

Chicago, July 1—(AP)—Clare J. Miller, 64, Decatur, Ill., was awarded \$60,000 damages today for injuries suffered when he fell from the top of an Illinois Central railroad freight train Oct. 2, 1946.

The judgment against the Illinois Central was returned by a Superior court jury.

Miller, who had been employed as a yard conductor by the road for 27 years, testified he suffered a broken leg and back injuries when he was thrown from the train as it stopped suddenly while switching in Decatur.

## Truman In Race To Stay; Predicts Victory In Fall

By The Associated Press

President Truman said yesterday (Thursday)—that certainly he is in the presidential race to stay.

Furthermore, he said, he'll win both the Democratic nomination on the first ballot and a victory in November's election.

That was at a White House news conference.

The chief executive spoke up against a background of talk and suggestions from anti-Truman Democrats that he should withdraw as a candidate and that Gen. Dwight D. Eisenhower should be drafted.

In New York, persons close to Eisenhower said his position against seeking public office is unchanged and "applies to both parties."

**No Foreign Comment**  
Mr. Truman wasn't commenting on foreign problems.

But the G.O.P. presidential candidate, Gov. Thomas E. Dewey, told another news conference at Albany, N. Y., that he "founded" a bipartisan foreign policy for the United States.

He said such a policy has applied to United Nations affairs, but that the administration didn't consult Republican leaders on Greek-Turkish policy, the Potsdam conference and the policy, "or lack of one," toward China.

Dewey's vice presidential running mate, Gov. Earl Warren, flew back home to California because Lt. Gov. Goodwin J. Knight is ill. Warren told newsmen the Republican campaign probably would start the first week in September.

**OK's Mrs. Roosevelt**  
He had "no comment" on whether Mrs. Eleanor Roosevelt would make a strong vice presidential nominee for the Democrats.

That tied in with Mr. Truman's smiling, of course, when he was asked whether Mrs. Roosevelt would be satisfactory to him for second place on the ticket. What else could he say? The president inquired.

Mrs. Roosevelt had something else to say—that she has "no intention of running for public office at any time whatsoever." She issued that word through her secretary, Miss Malvina Thompson, at Hyde Park, N. Y.

As to whether he would welcome General Eisenhower on the ticket, Mr. Truman said that was up to the general. In fact, it's up to the Democratic convention which opens in Philadelphia July 12 to pick the vice presidential candidate, he said.

## VA Rips Frills From Training Courses For GI's

Washington, July 1—(AP)—Ripping out frills from G. I. training courses, the Veterans Administration announced today it won't pay for more courses in such subjects as ballroom dancing and bartending.

The same goes for photography, personality development, public speaking, sports, entertainment and music.

The test is whether a course is vocational. If it is, Uncle Sam will pick up the check for properly qualified veterans. If it's avocational or recreational, he won't. The VA determines which is which.

Where veterans already are taking such courses, VA said it would continue paying the usual subsistence allowances until the course is completed.

Flight training went on the approved list, but glider training and various flying courses which are clearly for amusement only are under the ban.

## War Crimes Court Preparing Verdict In Krupp Case

Nuernberg, Germany, July 1—(AP)—An American war crimes court went into seclusion today to write a verdict in the case of the gunmakers of the House of Krupp. The ruling is expected in about four weeks.

Twelve major officials of the great munitions combine, Germany's top gunmakers for 150 years, have been on trial since last Dec. 8.

The court last April acquitted the 12 defendants on two counts in the indictment against them—one charging them with crimes against the peace, the other accusing them of participating in a conspiracy against peace.

Two counts remain. One charges them with plunder and spoliation of conquered nations. The other accuses them of deporting, exploiting and abusing slave labor.

**BANKRUPT**  
Tsingtao, China, July 1—(AP)—This city of 800,000 was without public transportation today—the bus company went broke.

The reasons: Seventy per cent of the passengers were in uniform and refused to pay fares.

#### POSTPONE JET FLIGHT

Washington, July 1—(AP)—A scheduled flight of 16 F-80 jet fighters to England has been postponed from July 7 to about July 10.

## Suggest Three-Power Government

by George Brio  
Berlin, July 1—(AP)—The Russians formally withdrew from four-power rule of Berlin today, adding political boycott to their 11-day food blockade of the city's western sector.

"The Kommandatura no longer exists," the Russian representative announced to his French, British and American counterparts at today's meeting of the allied body. It had governed Berlin for three years.

The first reaction from an American official was to suggest that the three western allies run their sectors on a three-power basis, leaving the Russians to take care of theirs. This, in effect, is what has been happening for many months.

**Official U. S. Statement**  
The American deputy commander of Berlin issued an official statement which said "so far as we are concerned, there still is quadripartite government of the city and we are ready to maintain it."

"Before the Russian action can become official the statement of a very low level officer (the Soviet chief of staff, a colonel) will have to be confirmed by Marshal Vassily D. Sokolovsky, Soviet military governor, to General Clay," the American military governor.

The Russians gave as their reasons for the withdrawal the actions of Col. Frank Howley, the American commander of Berlin, and the currency reform of the western allies. They got angry when Howley had to leave a Kommandatura session June 16 after 13 hours of meeting.

"Kommandatura Not Finished"  
But Howley said today "the Kommandatura is not finished. The Russians just left it. There is no legal reason why it cannot continue on a three-power basis."

In London, informed Whitehall sources said Britain, the United States and France have drafted a joint note to Russia demanding an end to her blockade of Berlin and restoration of four-power rule over the city.

These sources said that after formal approval has been given to the draft by Foreign Secretary Bevin, U. S. Secretary of State Marshall and Foreign Minister Georges Bidault of France, the note will be sent to the Kremlin.

They said the note will emphasize that the three western powers place all the responsibility on Russia for what happens to western Berlin's great population if the blockade is not lifted at once.

Overhead, meanwhile, British and American planes continued to pour in supplies for the 2,500,000 Germans living in west Berlin. Since last midnight, U. S. army transports landed 132 times at Tempelhof airfield and unloaded 375 tons of supplies.

Britain's Royal Air Force had made 70 flights up to 4 p.m., but officials invoked secrecy about amounts carried.

In Frankfurt, Gen. Clay was confident that Berlin's food could be supplied completely by air, and asserted:

"We can make a hell of a good effort to fly in all the coal, too." Clay termed the German crisis "very serious" but declined to talk about the possibility of war.

**Truman Approves Marshall Stand On Red Blockade**

Washington, July 1—(AP)—President Truman said today he approved in advance Secretary Marshall's statement that the United States intends to stay in Berlin and will "deal promptly" with issues raised by Russian starvation tactics.

Beyond that, Mr. Truman refused to say anything at a news conference about the Soviet blockade of Berlin.

London dispatches quoted informed Whitehall sources as saying the United States, Britain and France have drafted a joint note to Russia demanding an end to the blockade and restoration of four-power rule over Berlin.

**EMERGENCY LANDING**  
Atlanta, July 1—(AP)—An eastern airlines plane enroute from Miami to Memphis with 49 passengers, made an emergency landing today after experiencing trouble with landing gear. All passengers continued their journey on other flights.

### The High Art of Politicking Ain't What It Used to Be

The life of a politician must have its bright spots, or politics would not be so attractive to men and women who have easier ways of earning livings and finding entertainment. It also has its tribulations, to which science is contributing.

Once upon a time politics was simple. The candidate and the parties' orators could each prepare a single speech, as a barnstorming club lecturer does, and travel all over the country repeating it from memory.

Fast, complete newspaper coverage made that unwise, though friendly reporters could help by selecting one section a day to write up. The radio, however, made it impossible. With everybody listening in—the candidate hopes—he cannot go around repeating himself word-for-word.

Radio also demanded a change in elocutionary approach. No more bellowing, arm waving, striding around the platform, hypnotizing the audience with gymnastics. The orator must modulate both voice and gestures to keep near the mike and not blow it out. Often, too, he must decide whether to play for those in the hall or those on the air.

These thoughts are suggested by the GOP convention just passed, the Democratic convention coming up, the bitter campaign in which Thomas Dewey will try to break Harry Truman's lease on the White House. They are suggested also by the debut at Philadelphia of big-time television.

The Republican politicians were the goats. They were victims of television's understandable and excusable uncertainty how to go about covering its first convention. They were victims also of their own ignorance that the candidate must don grease paint if he wants to look good to the boys and girls on high stools in the nation's taverns. Conventions always have been carnivals. As television comes in the lid will go clear off. Elephants—rubber and live—are old stuff. Bunting, buttons, ties with candidates' pictures, Indians in full tribal dress are trite. That's the sort of thing that can't stand still.

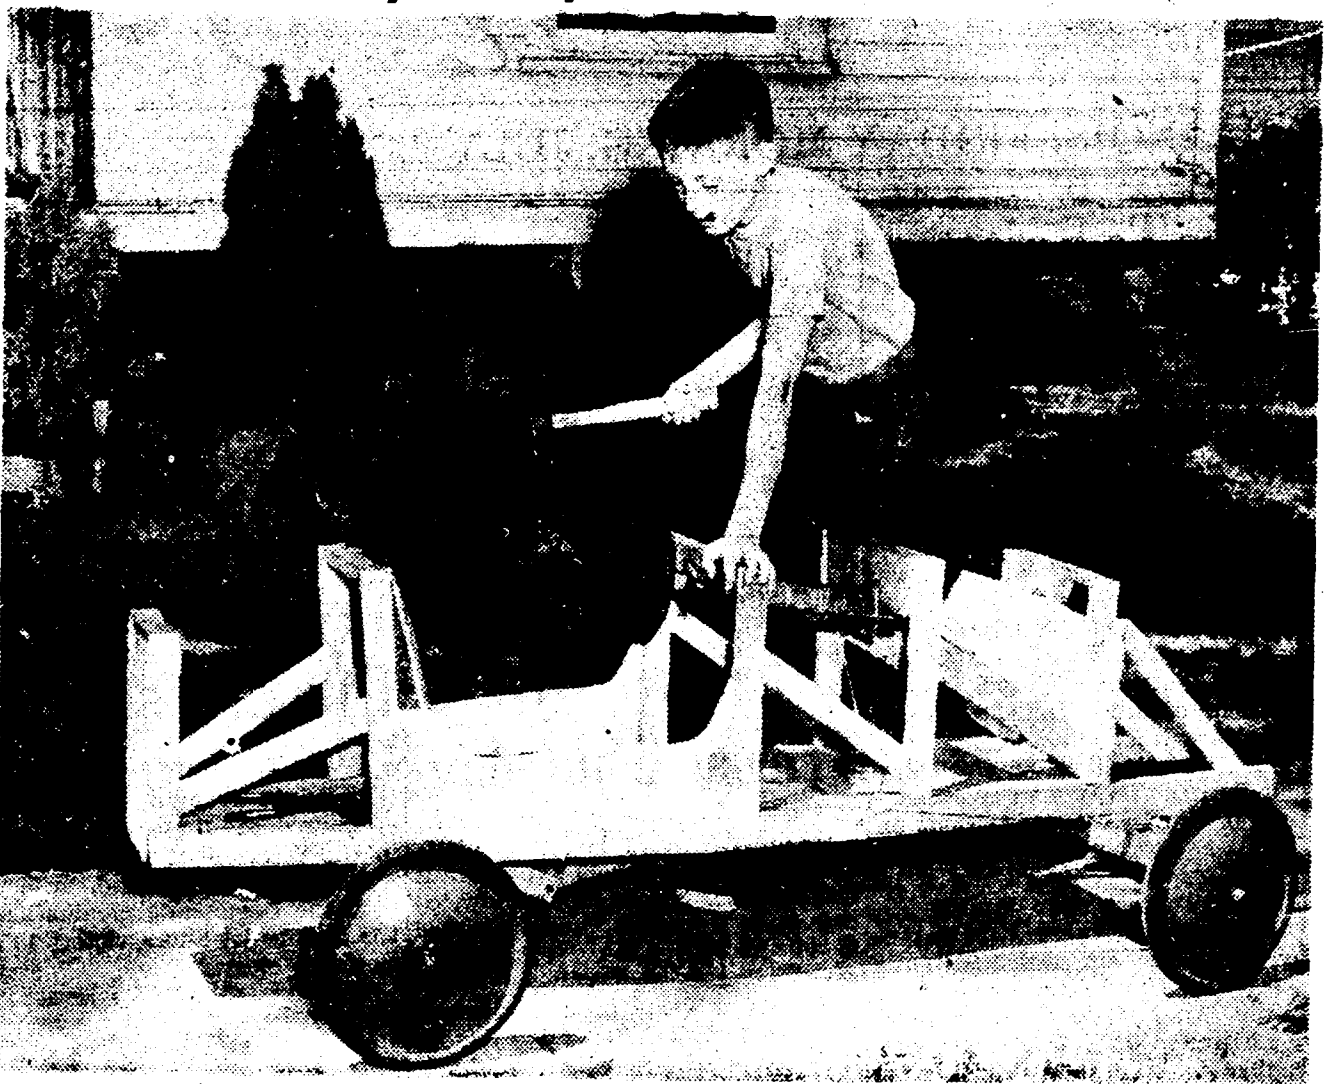

Dewey's fashion parade, Stassen's Hawaiian ukulele singers were good enough for a start. The model who stole the Dewey show by coyly raising her skirt to display garters with pink elephants must have swayed less votes—though Stassen did lose—than did Virginia Davis, daughter of the band leader, when she raised her skirt to show the picture of her Minnesota hero high on her thigh.

If this keeps up, television ought to be fun. It can bring other pleasures, too. Former Gov. Alf Landon suggested one. Political speeches, he says, need to run for two or three hours. The demands of radio cut them down by about two-thirds. He thinks, and hopes, that television boredom will chisel off another third of their length.

When that time comes let us know. We'll start listening to some of them then.

### Donald May Prepares Racer For Derby

Above is a picture of Donald May, 610 Grove street. His weight is a mighty 88 lbs; height, 59 1/2 inches; age, 12. Grade school is a memory. Next September Donald will enter David Prince better known as "Junior High School."

Donald might well be called the typical American boy. He has brown hair, now cropped close to his head in a "crew cut," an uncountable number of freckles, a ready smile, and a shy modest manner.

Donald doesn't know whether he will win the Soap Box Derby this year or not. But he knows this much. He is going to do his level best, and he intends to profit from what he learns. Such is the spirit of the typical boy entered in the Derby.

There is little resemblance between Don's car in its present shape and the shape it will finally take. Don has big plans for it. The ugly skeleton, seen above, will be covered with aluminum. The nose will be streamlined. Red letters will blaze forth "38." The top will be arched over to cut air resistance. And there are a few more changes too secret to be made public at this time. Big things are in the offing.

Donald is a mechanic, doubt not that! The car is sturdy from stem to stern, or from front to back, take your pick. This sturdiness came about not by accident. Boys used to be plagued by their cars breaking in two as they hit the pavement off the starting ramp.

This was one of the big difficulties in September, 1930 when Don's brother Paul raced down Mound avenue to beat Jack Cole in the first Soap Box race in Jacksonville. Then the Exchange club sponsored the affair. There was no trip to Akron for the winner. All May won was a cup, won on display at the Chevrolet garage. By the next Soap Box race, though, Jacksonville had become affiliated with the national Derby.

Young Donald doesn't know whether he can duplicate his older brother's feat, but he has plans for the attempt. Last year he stood on the sidelines and carefully scanned the "trade secrets" of the drivers. He plans to put his knowledge to test on "dry runs" on Grove before the race.

Donald is particularly apprehensive of John English. English is the lad who dazed the spectators last year when his car streaked down College avenue to beat driver after driver. English will be in the race with all he's got this year, and the other drivers are aware that he is the man to beat.

But Donald is calm about it all. He goes forward, devising methods to improve his brakes, to streamline his chassis, and to attain more speed in the white heat of competition.

For after all, brother Paul won the first Soap Box race in Jacksonville, and there is more at stake than the other contestants, and the trip to Akron.

### W.H. Kurtz Returns From National Red Cross Convention

W. H. Kurtz has returned from a national convention of the American Red Cross held in San Francisco, June 21-24. Kurtz represented the local chapter of the Red Cross. His daughter, Judy, attended the convention with him.

Mr. Kurtz appeared on a panel discussion before a segment of the 4000 delegate convention. This particular panel dealt with the operation of mass shelters. He based his short talk on the experience received during the Beardsden flood. At this time the local Red Cross set up two such shelters in Jacksonville.

Few people, he said, realize the problems which arise in the construction of these shelters. One of the more difficult problems is that of disease. Epidemics skirt the edges of the refugees. Once successful, these become rampant.

Discuss Disaster Work  
Several others appeared on the panel with Kurtz. Included thereon were delegates from Maine and Oregon. These two men discussed the work of the Red Cross in the recent fires and floods in those two places. Mr. Kurtz attended the panel which discussed the nation-wide program of the Red Cross to set up blood banks. These banks would allow have available blood for the needy, at no cost. Kurtz said that this problem was meeting some op-

### Telephone Groups Hold Traffic Meeting Thursday

Key personnel of the Illinois Telephone company, Jacksonville and Bushnell districts, attended a luncheon at the Dunlap hotel Thursday noon. The luncheon was in conjunction with an all day meeting of the group.

Topic for discussion was traffic control. Mr. R. C. Ross, general traffic superintendent of the Illinois Telephone company from Bloomington attended the meeting. Methods of putting in practice new traffic techniques to give better telephone service were discussed.

The district manager of the Bushnell district, J. B. Cherry, and the area manager from Roodhouse, E. W. Brown were at the meeting.

Also in attendance were the chief operators from Bushnell, Cuba, Mt. Sterling, Roseville, Vermont, Carrollton, White Hall, Roodhouse, and Winchester. Key personnel from the Jacksonville office attended.

W. O. Randall was host to the group.

### Fred Fredericks, Top Western Star, Will Appear Here

Freddie Fredericks is a name to conjure with in the tented domain where the fabulous world of the circus meets the thundering past of the American west. Fredericks is prominent in the remarkable display of horsemanship of many nations which is one of the features of the Dailey Brothers Five-Ring Railroad Circus, coming to Jacksonville for afternoon and night presentations at 3 and 8 p. m. on Thursday, July 8.

Blue ribbon winners in horse shows throughout the country are three beautiful "Lipsicks," "Major," and "Diamond."

These equine stars are but a few of the four-legged attractions of Dailey Brothers Circus which actually carries more horses and ponies than any other circus in the world.

An extensive wild animal menagerie which features tigers, bears, leopards, ostrich, zebras, monkeys, apes, camels, and the great elephant herds, totaling twenty-five, is offered in conjunction with the main performance and at no extra charge.

Bluffs Teacher, Former Meredosia Man Are Married

Bluffs—Friends here have received word telling of the marriage of Bernice Holmback of Greenfield and Peter Klunick of Philadelphia, Pa., which took place in St. Louis, Mo., on June 16.

The bride, the daughter of Mrs. George Holmback of Greenfield, has been an English instructor in the Bluffs High school for the past several years. Her husband was formerly a steel construction worker on the C.I.P.S. plant at Meredosia and is now employed in Denver, Colo., where the couple plan to reside.

## Orleans Woman's Club Elects New Officers Tuesday

Mrs. Nelle Stevenson was named president of the Orleans Woman's Country club in an election of officers held at a meeting which took place Tuesday at the home of Mrs. Mattie Mattson.

Other officers elected at this time were Mrs. Carrie Mosler, vice president; Mrs. Sylvia Strawn, recording secretary; and Mrs. Edna Norfleet, assistant recording secretary.

The meeting was presided over by the retiring president, Mrs. Louise Harris. The club prayer was recited in unison.

The program for the afternoon was presented by Mrs. Vernon Scholfield. "Famous Gardens of the South" was the topic of her talk, in which she described the historic Bellingrath Gardens of Mobile, Ala.

Land of the Free!  
As we celebrate our national freedom let's remember the system of free enterprise under which this country has grown great. In countries which have turned away from free enterprise loss of personal freedom has also followed. Freedom of thought—freedom of speech—freedom of enterprise—all are among the freedoms that make up the "land of the free."

## Mock Wedding Is 25th Anniversary Party Highlight

White Hall—Forty-one neighbors and friends gathered Saturday evening at the home of Mr. and Mrs. James Pruitt of the Walkerville community. The event was in honor of the Pruitts' silver wedding anniversary which occurred recently.

Entertainment for the evening consisted of a mock wedding. Mrs. Viola Price was the bride and Mrs. Charles Black was the bridegroom. The minister was Mrs. Robert Hubbard. Musical numbers were given by Mr. and Mrs. Fred Gleason and daughter.

The honored couple were presented with a small silver tree to which pieces of silver coin had been attached.

Refreshments of cake, iced tea and coffee were served.

Mr. and Mrs. Judson Hoover of Milton spent Sunday here with Mrs. Hoover's brother-in-law and sister, Mr. and Mrs. H. B. Anderson.

Mr. and Mrs. Wilford Range and family of near Greenfield spent Sunday with Mrs. Range's parents, Mr. and Mrs. W. M. Wilkinson.

## MANY MACHINES

There are more than 2000 different types of sewing machines, designed for stitching processes in the various sewing industries, according to the Encyclopedia Britannica. One machine stitches seven parallel rows at one time, at the rate of 20,000 stitches per minute.

## PUBLIC LIBRARY NOTES

"The Rise and Fall of Third Parties: Anti-Masonry to Wallace" has been added to the library shelves at a most opportune moment. Mr. Hesselbuehler has described "the rise and fall of the Locofocos, the Know Nothing party, the Anti-Masonic movement and other curious growths on the American body politic" and has also analyzed recent developments.

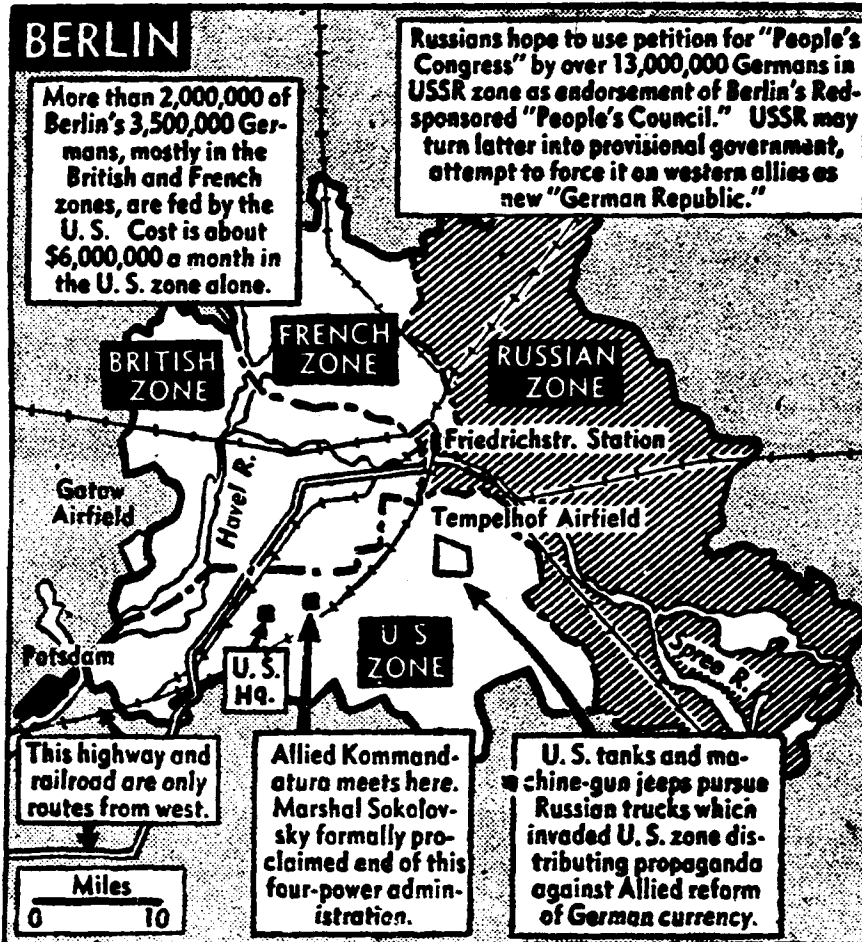

Several inquiries have come to the public library during the past year as to the possibility of forming a group to promote the reading of "Great Books." Such groups are now in their third year in many cities and a foundation known as The Great Books Foundation has an office in Chicago for the purpose of promoting such reading and furnishing assistance to groups in securing the necessary literature and carrying on the discussions.

Recently a committee of the local branch of the American Association of University Women under the chairmanship of Mrs. F. J. Perry met at the library to consider the initiation of such a project. Members of the committee have ordered sets of the readings for the first year and one set is available at the library for examination. The price of the sets is to increase on July 1. Anyone interested may consult Mrs. Perry or Miss Bailey.

Carrollton—Two hundred seventy-five girls enrolled in the Greene County Home Economics 4-H clubs will display their accomplishments at the annual County Club Day to be held Friday in White Hall in the Lions Club Park in connection with the White Hall Homecoming. The home economics 4-H clubs in the county are sponsored by the University of Illinois extension service and by the Greene County Home Bureau.  
The program for the day will consist of judging of dresses at 9 a.m. by Mrs. Mildred Seaman of Jacksonville and Mrs. Dorothy Gledhill of Jerseyville. Miss Ruth Robinson of Jerseyville will judge the food booths at 9:30. The leaders will meet at 10 o'clock with Mrs. Gussie Frazier, youth assistant, to discuss the check-up school. The food demonstration will be given at 10:30.  
The afternoon program, which is open to the public, will begin at 1:45, with a reading by Miss Sandra Sue Search of White Hall, followed by a musical stunt by the Wrights Jolly Pals. The speaker of the afternoon will be Miss Helen Rodgers of the Wheat Institute of Chicago who will give a demonstration on "Baking Your Way to Popularity."  
The evening program will begin at 8 p.m., with the Greene County 4-H Club girls presenting their dress review "Down Hollyhock Lane." The introductions will be made by the home adviser, Miss Frances Englund. The commentator will be Miss Mary Ann Campbell. The evening program will close with a group of numbers by the Greene County Chorus, under the direction of Mrs. Frank Strang of White Hall, with Mrs. James Martin of Greenfield as accompanist.

## Carrollton Man Weds Ohio Girl In Church Rites

Carrollton—The marriage of Miss Martha Frances Wisheart, daughter of Mr. and Mrs. Frank A. Wisheart of Middletown, Ind., and James Joseph Baldwin, son of Dr. and Mrs. Arthur Kirby Baldwin of this city, took place June 26, at the First Methodist church in Middletown. The Rev. Clarence C. Collins performed the double-ring ceremony.

The bride was given in marriage by her father. She wore a white dotted swiss wedding gown, fashioned with a wide V neckline, ruffled in the same fabric. The back interest of the basque bodice consisted of ruffles starting at the shoulderline and forming a V at the waistline. The long tapering sleeves formed points over either hand. The bouffant skirt with a bustle back extended into a chapel-length train and was edged in a ruffle of the same material. She wore an open crowned bonnet of white illusion and carried a bouquet of white daisies with daisy streamers.

Miss Martha Jane Carver of Alexandria, Ind., was maid of honor and Mrs. Byron F. Doenges of Leetonia, O., was bridesmaid. The best man was the bridegroom's brother, Charles Louis Baldwin of Champlain.

Robert Francis Wisheart of Middletown, brother of the bride, and Arthur Kirby Baldwin, Jr., brother of the bridegroom, were ushers.

A reception was given at the home of the bride's parents, after which the couple left on a wedding trip to the Great Smoky mountains.

Mrs. Baldwin is a graduate of DePauw university, Greencastle, Ind., and attended the Katharine Gibbs school in Chicago. She is a member of the Alpha Phi Sorority.

Mr. Baldwin attended the United States Military Academy at West Point and was also graduated from DePauw university, where he is a member of the Delta Chi fraternity. He is now attending Yale university graduate school.

## Vacation School At Literberry To Close Friday

The Vacation Bible school of the Literberry Baptist church, which has been in session for the past two weeks under the direction of Mrs. Orris Lindsay and Mrs. Albert Winger, will close Friday with a picnic lunch at noon and a program and baptismal service in the evening.

One hundred children have been attending the school. Classes for the beginners were taught by Miss Margaretta Mallicoat, assisted by Mrs. Welby Pierce, Miss Donna Williams and Miss Elitha Boston.

Mrs. C. A. Beavers has taught the primary classes. She was assisted by Mrs. Loyce Olroyd, Mrs. Charles Samples and Miss Edith Boston. The juniors were taught by Mrs. Lawrence Mallicoat, with Mrs. Roy Lynn and Mrs. Earl Morris as assistants.

The intermediate classes, for girls and boys both, were taught by Mrs. J. R. Beavers and Mrs. Walter Roach, respectively. Mrs. Beavers was assisted by Mrs. Clyde Mason and Mrs. W. W. Daniels. The Rev. William J. Boston was assistant to Mrs. Roach.

The program Friday, which begins at 8 p. m., standard time, will include "Marching to Zion" and "Open the Door for the Children," by the working staff, scripture reading; prayer song by the children; pledges to the American and Christian flags and to the Bible; action songs by the children; and demonstration of work done during the sessions.

Exeter Methodist church Burgoon, July 23. Serving 6 P.M. (CST).

## Edward Ashlock, Retired Farmer, Dies Wednesday

Carrollton—Edward Leroy Ashlock, retired farmer, died Wednesday at 9:35 a. m. at the home of his sister, Mrs. George Wayham, in Carrollton. He had been ill for the past two weeks.

A lifelong resident of Greene county, Mr. Ashlock was born on May 7, 1877, the son of Mr. and Mrs. George K. Ashlock. He was married to Lucy Mae Brown, who preceded him in death several years ago.

Surviving are one daughter, Mrs. Robert Moldrum of Vandalia; a son, Robert Ashlock of Carrollton; a sister, Mrs. Wayham, Carrollton; and two grandsons.

The body is at the Mehl Funeral Home, where funeral rites will be held Friday at 3 p. m. Burial will be in Providence cemetery.

## "Girl Growing Up" Farmer City 4-H Club Theme

By Mary Lou Beggs  
The theme of the F. H. A. club at Farmer City last year was "Girl Growing Up." Each meeting she became a little older and roll call was answered by a characteristic of the age of the girl that was being discussed at the particular meeting. This theme was also followed in the schapbook.  
The F. H. A. held its formal initiation party in the gymnasium, October 15, in the form of a slumber party. A candlelight initiation service was held in the early part of the evening. In the morning breakfast was prepared by the new members. The club enrollment was 52 members.  
**Carnival Big Event**  
The second big event of the year was a carnival sponsored November 9 by the F. H. A. and F. F. A. Despite bad weather the attendance was good, and each club cleared approximately \$100.00. The activities of the evening included fishing, cakewalk, fortune telling, freethrows, contest, darts, ring toss, horse shoe, pull-a-chance, coke bottle game and bingo. Stakes were sold on a blanket and an electric mixer. Movies were shown in the library. After the cakewalk was over, there was dancing for the remainder of the evening.  
The F. H. A. had charge of the refreshment stands at home baseball games. During the Sangamon Valley Tournament they were aided by the F. F. A.  
The Christmas project consisted of sending money to the Babyfund in Normal. The club also sent cookies to the Cunningham Home in Urbana.  
**Honor Chapter Mother**  
The Chapter Mother was Mrs. Martha Curtis. The club felt honored to have its Chapter Mother for Section 16 of F. H. A. The club presented Mrs. Curtis with a living room lamp for a Christmas present in appreciation of her work.  
A party was held in honor of the F. F. A. boys February 26 in the school gymnasium.  
A combined F. F. A. and F. H. A. banquet for the parents was held March 18. The Home Economics classes presented a style show. Garments made in class were modeled by the girls. The F. F. A. obtained a speaker, Dr. H. A. Hamblin, who spoke on "Parents, Sons, and Daughters Relationships."  
The chapter attended the spring rally at Almsfield.  
The F. H. A. sponsored a movie, "Dinner Party," at an April assembly program.  
The activities of the club were varied and every girl was willing to cooperate in making our club more outstanding.

**Mrs. Seymour Of Stevens School Is Guest Speaker**  
Mrs. Anita Seymour, Department President, American Legion Auxiliary, presented the Especially For You program Wednesday at 8 p. m. in the Music Hall, using Miss Grace Merwin of the Pat Stevens School of Modeling as her speaker. Miss Merwin, while not a model herself, is one of the lecturers at the school, and gave the Girls Staters some interesting facts relative to good grooming and poise and many little ways which they might employ to develop their personalities. She used as a title for her remarks, "That Air About You."

## Girls' Staters Take Miss Hicks To Springfield

The President of Girls Nation was taken to Springfield Tuesday with an escort of 1948 Girls Staters. She was met there by Mayor Elison, who took her on a brief tour of historical sites before she boarded her train. Miss Hicks was en route to the Missouri session of Girls State held at William Woods College. It was a coincidence that the hostess on her train to St. Louis happened to be Phyllis Shinkus, a former Girls Stater, who became Auditor of Public Accounts at the 1943 session, and who has since served as counsel at Girls State.  
**CITY, COUNTY NAMES CHOSEN**  
Cities at this year's session are named for trees native of Illinois. The counties at Illini Girls State are indicative of the early Indian tribes which frequented this state.  
A ruby-throated hummingbird in June has 940 feathers or more.

## THOUGHT FOR THE DAY

By Doris Leith  
**SPENDING YOUR TIME**  
How do you spend your time? You know we all have twenty-four hours a day. No more; no less. Many of us wish that some days had forty-eight hours and then there are those "can't wait till next year" type of people that just wish their lives away. Well, no matter which kind of fellow you are, you've still got twenty-four hours to spend a day. What can you buy when you spend your allotment of time? You can buy many things. You buy information, skill, friendship, recreation. You can use time to broaden your interests, to develop your personality, to prepare for success in a vocation. Or you may squander your time just as you do money. You may spend time wisely or foolishly just like money. But spend it, many of us have obtained jobs or spend a good deal of time helping around home or taking care of the kid brother, and some of the more fortunate bless the beach with their presence. But whatever you may be doing this summer, try to spend your time wisely. You'll probably spend at least a third of it sleeping (let's hope!) and a twelfth of it eating and the rest in work and pleasure. Get a little reading in if possible and don't forget those favorite sports and hobbies. And of course there's always the movies and the neighbors to chat with and, oh yes, I almost forgot, eight hours of work each day! Do you spend YOUR time wisely?

## Summer Work Is Beneficial To Young People

By Marilyn Macy  
When a boy or girl reaches the age of sixteen, they are old enough to work during their summer vacation. In every town business men need help. Some youths with benevolent parents do not want to work, and consequently prevail upon their parents to let them loaf through the summer months.  
Due to circumstances beyond my control it has been necessary for me to work during summer vacations.  
Did you ever work for your relatives? In my opinion they are much harder to work for than a person not related to you. For the past three summers I have worked for my uncle. During that time I have learned to meet people in a business way.  
This I think will benefit me greatly later on in life since my past experience has dissipated my shyness toward meeting people that I had before I went to work, and also which stayed with me for the majority of the time the first summer vacation I worked.  
I have also learned the value of money both as a purchasing power and as a savings. I can now buy my own clothes and I have saved enough to purchase three good government bonds. It is my desire to save enough this summer to buy two more bonds and by working again next summer I will have sufficient funds to pay my first two years tuition fees in college.  
In closing I advise every boy or girl to get a job during the summer and be sincere with their employer, save their money and I think they will be a better citizen for their experience.

## Swimming Pool Is Enjoyed

The swimming pool at MacMurray has proved a popular place this week at Illini Girls State. For some it is a novel experience to use an indoor pool, but for all, it is a refreshing experience to be able to dash across campus and have a luxurious swim. Thanks, MacMurray, we've enjoyed your pool.

By MARILYN STROH  
It is nine a.m. My robot maid has just awakened me, for in a few minutes I will have a very important television phone call from Aunt Cecelia.  
Aunt Cecelia is vacationing on Mars. Gracious! The atomic planes make the skyways so crowded now that it is quicker to travel by interplanetary tubes. Life is so hum-drum without a weekend jaunt to the moon.  
My personal robot has just brought my nourishment tablet. How utterly assured it must have been back in the twentieth century when people had to cook and eat food. Is it any wonder the women had to diet? After I take my condensed fruit pills I shall be lowered into my rose-scented bath and take my complexion pill.  
Then I'll tune in those voices from the past which are still hovering in the air. Yesterday I was fortunate enough to get Helen of Troy and Cleopatra. I got Diogenes, too, but I always turn those old Philosophers right off. Their ancient ideas are utterly lacking.  
This afternoon some of the Martian ladies will tube down for a bridge party. The old fossils of the nineteenth century must have been a scream at their bridge parties. Mars certainly is a topsy-turvy land. But the people are very brainy. Aunt Cecelia's atomic post note said the Martians have just squared the circle.  
I have rung twice. Why doesn't my robot answer? Its mechanism hasn't been running so smoothly. One would think it was a woman having fits of temperament.  
I think I will have the peach-colored flood light turned on. It relaxes me more than sunshine, and I simply must relax. I have such a hard day before me!

## Joan Succeeds

When Joan rep... the following day, she was the first ready to go into the water. As soon as she had obtained her new buddy, they jumped into the water with much more confidence than yesterday.  
Happy to see this new confidence, the instructor spoke to Joan. "Joan, you learned yesterday there is no need to be afraid of the water. In order to feel really at home in the water, there are four things you must learn.  
"They're all about the same things you learned on land as a little girl. When you were beginning to walk. They are no harder. The first rule is to see where you are going when you are in the water. Yesterday you held your breath, went down, opened your eyes under water and looked around. You were surprised how your hands and feet looked under water. Now you know how life may look to a fish. The second rule is breathe easily. This you practiced yesterday both in and out of the water.  
"Next you should be able to balance and relax. Balance means you are so nicely poised in the water that you are able to stay up and move about easily. Relaxation means to "let go"; that is, loosen up your muscles so that you will not get tired, and you can float easily and swim long distances without fatigue.  
"Then last but not least, move forward. When you have learned to float on the surface of the water, you can practice a long slide forward by a shove from your feet against the bottom. Next you'll be able to learn different kinds of strokes."  
For two weeks Joan practiced faithfully on these four principles of swimming, and soon the instructor considered her one of the best. She could swim the length of the pool using a combination of strokes from the "dog paddle" to the more complicated breast stroke, side stroke, crawl, trudgeon, back, single overarm, and the double overarm stroke. Her athletic ability in other sports had helped immensely.  
At the end of two weeks the instructor sorted out the girls who were ready for the class in junior life saving. As he read the list Joan held her breath. When he said, "Joan Porter," she was so very happy to hear the news, that she fairly danced. As she ran to the showers to begin getting ready for dinner, she called over her shoulder, "I'll be here promptly at 9:00. See you tomorrow."

## Rainbow Girls' Installations Are Impressive

By Marlene Rohrer  
One of the most beautiful things I have ever seen. The Mother Advisor assists in planning the service. After the Worthy Advisor has taken her vows at the altar she then meets her father in front of an arch made up of twelve Rainbow Girls, where she is presented with a bouquet of flowers from the Mothers Club and a song honoring her is sung. Then her father accompanies her through the arch. The installation of all other officers is completed and then the Worthy Advisor is presented with her gavel and jeweled crown and another girl's dream has come true. Many times pictures are made at the completion of the installation.

## May We Find

**POISE—** Not of the calm unruffled pool. But of the mountain stream. Rising from its source and wholeheartedly returning to its source.  
**PEACE—** Not of the calm unbroken night. But of the dawn expressing itself in power and glory.  
**POWER—** Not of the sheltered tree. But of the oak, storm-strengthened and free.  
Moss plants sometimes form the birthplace of streams, which start out as tiny rivulets seeping from a huge bed of moss.

STERLING ran fingers through his mop of straw-colored hair. "I told you on the telephone that I couldn't do anything until tomorrow. Still you insisted on coming here tonight."

"Right. Always, Sterling, my customers come to see ME . . . in my office. It's been a long trip out here. I didn't make it just for the ride. Why do you suppose I came out here tonight?"

"I don't like to see you make a big mistake. Just looking around your place, and what little I know about you, I'd say you got a lot to lose. Like I said, you're young. You're big and good-looking and healthy. You've got a place in a bank, clubs, a swell home, a wife that's lousy with dough. That would be a lot for you to give up for just ten grand."

"What do you think would happen to you if I turned your IOU over to a couple of my boys?"

"Listen, Sterling. In my business we don't sue when a man doesn't pay. It's seldom a man doesn't pay. In my business it's money on the line. Maybe a man has to leave his IOU, like you did, but he shows up by noon the next day with the cash. It ain't my business how he gets it, but he gets it."

## Farmers Replant Jersey Soybeans Riddled By Hail

Jerseyville — Farmers in Jersey county whose soy bean crops were seriously damaged by the recent hailstorm are beginning to replant their fields.

In some localities, the hail created 75 per cent loss to the soybean fields; however, there is still plenty of time for the crop to be planted and to mature.

William Galore, manager of Eagleton park at the mouth of Otter creek, was in Jerseyville Wednesday afternoon and reported that fishing in this locality is still below its average of last year. He predicted, however, that fishing will return to normal as soon as the present mediated state of the river clears.

The Board of Town Auditors met at the Jersey Township hall Tuesday evening for the quarterly audit of town government departments. All members were present.

Spencer Powell, chairman of the Jersey County Triple A committee, and Miss Helen Birkenmayer, office manager, attended a district conference on wheat loans held Tuesday at Mt. Vernon.

Mrs. B. M. Brewster, president of the Jerseyville Business and Professional Woman's club, and Miss Florence Johnson of the Alton club will leave Saturday to attend the national conference of Business and Professional Woman's clubs at Fort Worth, Tex.

## 2 Elderly Couples Granted Divorces In Decatur Court

Decatur, Ill., July 1 — (P) — Two elderly couples were granted divorces today in circuit court before Judge Martin E. Mortland.

Mrs. Annie L. Cotton, 76, of Decatur, charged that her husband, James, deserted her in 1937. She married him in 1888. They had 12 children, 11 of whom are living.

James, 80, denied deserting his wife, but did not object to the divorce. The court granted the divorce.

The other divorce was granted to Jacob F. Hebel, who charged his wife with desertion. Mrs. Hebel married Jacob in 1906. They had 10 children. She did not contest the divorce. Their ages were not available.

## Greene Livestock Judges Get Ready For County Fair

Carrollton — Eighteen 4-H club boys and girls in the county attended the livestock judging school conducted by W. H. Brown, Jr., county farm adviser. During the school which was held Tuesday the group visited five farms in the county and judged seven classes of hogs, seven classes of beef cattle and four classes of sheep.

On July 6 the farm adviser will have charge of a dairy cattle judging contest, the schedule will be announced later. The training schools are being held in preparation for the annual 4-H club judging contest which will be an event of the Greene county fair. The beef type cattle judging contest will be held July 15 and the dairy cattle judging contest on July 16.

Miss Adah Roodhouse is a patient in the Boyd Memorial hospital here as the result of a fall in which she suffered a possible fracture of her shoulder. Miss Roodhouse fell Monday afternoon as she and her sister, Mrs. VanArsdale, were walking home from a visit at the home of Mrs. Curtis Bishop.

An important meeting of the Greene County 4-H Club Federation is being held Wednesday evening, July 7, in the Farm Bureau hall. The final plans will be completed at this time regarding the operation of the food stand at the Greene County Fair this year.

Mrs. Leroy Cochran and Mr. and Mrs. Kenneth Cole of Greenfield and Mr. and Mrs. Eugene Rawins of Roodhouse are the only three families entered to date in the Farm and Home Improvement contest which is sponsored by the University of Illinois and the St. Louis Chamber of Commerce. Entries may still be received in the local Farm Bureau office but the time is short and others in the county are urged to enter the competition. Mr. and Mrs. Lynn Kinser of Greenfield were the winners this week.

## Roodhouse Rotary Holds Meeting

Roodhouse—Elmer Houseman led a roundtable discussion on current community projects at the regular meeting of the Roodhouse Rotary club held Wednesday evening.

George Carpenter of Jacksonville was a visiting Rotarian and introduced a guest, Harry Hatches of Patterson.

Frank Hopkins, chevalier, left Thursday to attend the state DeMolay convocation in Pekin.

Mrs. D. O. Shadle entertained her bridge club Wednesday afternoon. High prizes were awarded to Mrs. Howard Whitney and Mrs. Hal Gilmore. Miss Mabel Hopkins was a guest.

Overnight guests recently in the home of Mr. and Mrs. W. W. Wilkins were Mrs. Wilkins' cousin, Carl Johnston, and Mrs. Gladys of Miami, Fla.

Mrs. Howard Whitney, accompanied by Mr. and Mrs. Ernest Cooper of Manchester, left Friday for Dayton, Ohio, where she will visit her son, Lt. C. G. Whitney, and other relatives.

Tests made by the U. S. Bureau of Standards showed that gasoline vapor may be exploded inside a soap bubble without bursting it.

Several people from Jacksonville who were attending the homecoming were on the bleachers at the time of the accident. They included Mr. and Mrs. Francis Allen and daughter, Colleen, and Otis Hopper.

Allen, a former resident of White Hall who attends the homecoming each year, said that apparently no one had been seriously injured, although two women had suffered strained backs and had been taken to a hospital for examination. Several women fainted, he said, and a number of people suffered cuts and minor injuries.

The show continued as usual after the accident occurred, Allen said.

## Chicago Demo Leader Expects Convention To Name Eisenhower

by Louis J. Kramp

Chicago, July 1—(AP)—The leader of the Chicago Democratic organization said today he is "not anti-Truman" but it appears to be the duty of the Democratic national convention to nominate Gen. Dwight Eisenhower for president.

If nominated, he said, Eisenhower "could stampede the convention" because many delegates "who have declared themselves to be pro-Truman are prepared to jump on the Eisenhower bandwagon."

Jacob M. Arvey, chairman of the Cook county (Chicago) Democratic central committee, also told a reporter that he expects the 60-vote Illinois delegation at the Philadelphia convention starting July 12 will be split, principally on the Eisenhower vs. Truman basis.

He said 98 per cent of Illinois delegates who have expressed their choices to him are in favor of Eisenhower.

Arvey said he has not talked to Eisenhower and doesn't know for certain whether he is "available," but he believes the general's public statements indicate that "if nominated he would run."

"Eisenhower is the choice of the people, according to all the polls," Arvey told a reporter. "If the polls are accurate, then I don't think the party or the delegates can be deaf to that expression of the will of the people."

"If the majority of the people want him, I think it is our duty to nominate him, assuming he is available. His nomination could stampede the convention, providing he doesn't withdraw before or during the convention."

**No Reaction From Kelly**

There was no reaction from Edward J. Kelly, former Chicago mayor who is Arvey's predecessor as Cook county leader and is national committeeman from Illinois.

Arvey said Kelly, who previously has said he favors Mr. Truman and sees no other prospective nominee, "is inclined to be for Truman until convinced something else is for the best interests of the party."

Senator Lucas (D-Ill.) also regarded as pro-Truman because of his close White House connections as minority whip, declined to comment, saying he "won't know" whom he favors until he reaches Philadelphia. He was reached at his Havana, Ill., home.

**Lucas Won't Run**

Lucas, a delegate-at-large and titular head of the Illinois party, told a reporter he is "not a candidate for vice president" and "I would not accept" if nominated for the No. 2 job.

State Republican leaders regard Arvey's pro-Eisenhower stand as caused by Democratic fears of losing their major state and Cook county races in November to the combined forces of the GOP's Dewey-Warren-Green-Brooks ticket and the Illinois Progressives headed by Henry A. Wallace.

Arvey denied it, saying he is confident of success and will support whomever the Philadelphia convention nominates, "not excluding President Truman."

**Arvey Not "Anti-Truman"**

"I'm not an anti-Truman man," he said. "I just want the man who has the best chances of being elected." However, he declined to say whom he will vote for at Philadelphia as a delegate-at-large.

Illinois showed a 51.7 per cent Democratic plurality in 1944, mainly because of heavily Democratic Cook county. President Roosevelt carried the state by 140,000 but Republican Gov. Dwight H. Green won a second four year term by 72,000. This year Green and Senator Brooks (R-Ill.) seek reelection against Democrats Adlai E. Stevenson and Paul H. Douglas.

State Democratic leaders expect to lose votes to Wallace and a state Progressive ticket, particularly in the Chicago area, but Arvey said that if Eisenhower is the Democratic nominee, both the GOP and Wallace "would fall flat as a pancake."

**Big Issue Is Peace**

"The big issue this year is peace and the way to preserve it," Arvey said. "Eisenhower's leadership and knowledge of world affairs make him the best hope for permanent peace that we have. He would diminish the fear of war."

Arvey said he will nominate Mayor Martin H. Kennelly of Chicago to head the Illinois delegation at Philadelphia and will support Kelly for reelection as national committeeman.

State party leaders will meet in Chicago Tuesday to discuss the Eisenhower-Truman situation but the 72-member state delegation is not expected to meet formally until July 10 at Philadelphia.

Among those invited to Tuesday's conference are Lucas, Kennelly, Douglas, Kelly, Stevenson, Secretary of State Edward J. Barrett and State Chairman George D. Kells.

**AP Surveys Delegates**

Arvey said that 16 of 17 down-state delegates favor Eisenhower. An Associated Press survey of 21 delegates, from Chicago and downstate, showed that eight are undecided, eight favor Mr. Truman, four favor General Eisenhower, and one wants Senator Lucas for president.

Second and third choices are William O. Douglas, Supreme Court justice; Eisenhower; Lucas; James A. Farley, former national party chairman; Gen. George Marshall; Former Gov. Ellis Arnall of Georgia; and Chester A. Bowles, former OPA chief.

The first wheat to arrive at a local elevator was brought to the Farmer's elevator here June 23rd from the Jake Reddish farm in the Nutwood District operated by Otis Cooper. The wheat tested 17% moisture content.
